

**Lab: To Update and Delete the contents of a Table and use of commit and rollback commands.**

1. Create My\_Employee table whose structure and data is same as EMP table. Use My\_Employee table for following queries.
2. Make the data additions permanent.
3. Change the name of employee 7722 to Drexler.
4. Change the salary to 1000 for all employees with a salary less than 900.
5. Delete employee Allen from the MY\_EMPLOYEE table.
6. Mark an intermediate point as A in the processing of the transaction.
7. Empty the entire table.
8. Discard the most recent DELETE statement without discarding the earlier statements.
9. Save the changing permanently.
10. Update the salary of employee 100 to 5000.
